Information about the speakers

Kaitlin Rosen is currently working as a senior chemist at The Dow Chemical Company. Kaitlin graduated from Franklin and Marshall College in 2010 and earned her PhD in Organic Chemistry from the University of Pennsylvania in 2015. Since joining The Dow Chemical Company in 2015, Kaitlin has worked on the research and development of functional coatings for paper and paperboard.

John Haigh is the European technical service manager for the paper industry within Dow Coating Materials. He received a B.Eng in Chemical Engineering for the University of Bradford and has worked in various technical service and development roles for Dow supporting the paper, coatings and plastics industries for 30 years.
