### Information about the speaker

After his studies of mechanical engineering, Christoph Henninger has been active in the area of coating at Voith Paper in Heidenheim for more than 25 years.

The current position as “Product Manager Coater Stations” incorporates the worldwide product responsibility for coater stations from Voith which is associated with long lasting experience in application, layout, design and optimization of the different coating processes. He is skilled in strategic analysis to increase efficiencies and reduce costs while maintaining solid relations with our business partners.

He has authored several publications for example in PTS manuscripts and lectures at PTS Coating Symposiums as well as numerous patents in the area of coating.
